the reunion completion of all lineages meetup

a river flows trough a forest
amua climbs onto a tree
shehe sits on a branch watching the playing dolphins in the river

after a while, being charged up now by the watery friends play... heshe stands up on the branch and leaps onto an other one

a monkey watches this somewhat unique human being both man and woman, both of caucasian and african gene mix
orange beard and yellow / red / purple / orange long hairs, some curly locks, some dreaded, female breasts and wide hips, a penis at the clitorises traditional position, a vulva vagina
